

ABOUT US

We are sports science firm that primarily focuses on athletes at the grassroots level to enhance performance. The designed programs are evidence based and athlete-centric, which helps athletes level up their performance in their respective sport while reducing the chance of injuries.

VISION

- To Guide athletes at the grassroots level.
- To unlock their true athletic potential through scientific and result-oriented approach.

MISSION

- Provide quality fitness experiences for everyone.
- Customize programs to meet each member's needs.
- Cultivate a supportive and uplifting fitness community.

STRATEGIES

- Holistic Approach.
- Performance Enhancement.
- Injury Reduction.
- Recovery Strategies.

PROGRAM

- Athlete fitness
- Strength Training
- Conditioning
- Injury Screening
- Post surgery rehabilitation
- Injury management
- Return-to-play program

Being an athlete and having studied the subject with coaching experience of 6+ years, I have understood the requirement and importance of a team that is needed by every athlete to level up their sport. My goal is to build this community (One Aim performance) to reach out to as many athletes as possible who lack professional guidance

Sumeet Urmila Krishna Jaiswal
Founder and Head Coach

FACILITIES

- Strength And Conditioning
- Sports Physiotherapy
- Sports Massage Therapy
- Sports Nutrition
